

Contents

1 Overview of Retrovirology	1
Naomi Rosenberg	
2 Mechanisms of Oncogenesis by Retroviruses.....	31
Karen L. Beemon and Mohan Bolisetty	
3 Deregulation of Signal Transduction Pathways by Oncogenic Retroviruses.....	53
Sandra K. Ruscetti and Joan L. Cmarik	
4 Genetics of Host Resistance to Retroviruses and Cancer.....	95
Chioma M. Okeoma and Susan R. Ross	
5 Endogenous Retroviruses and Cancer	119
Jaquelin P. Dudley, Jennifer A. Mertz, Sanchita Bhadra, Massimo Palmarini, and Christine A. Kozak	
6 Retroviruses and Insights into Cancer: Retroviral Regulatory/Accessory Genes and Cancer	163
Matthew Kesic and Patrick L. Green	
7 Cancers Induced by Piscine Retroviruses.....	191
Sandra L. Quackenbush, James W. Casey, Paul R. Bowser, and Joel Rovnak	
8 The Immune Response to Oncogenic Retroviruses	219
Melanie R. Rutkowski and William R. Green	
9 Retrovirus-induced Immunodeficiency and Cancer	259
Laura S. Levy	

10 Retroviruses as Tools to Identify Oncogenes and Tumor Suppressor Genes..... 285
James C. Neil and Monica A. Stewart

11 Emerging Retroviruses and Cancer 307
Maribeth V. Eiden and Dwayne L. Taliaferro

Index..... 335
